

**PPR Plastic Fitting Short Bend**

Besta is a leading China PPR Plastic Fitting Short Bend manufacturers, suppliers and exporter. Our PPR short bend is little bigger than market product, small size can use for bigger pipe, for example, 20 size short bend can put on 25 size pipe.

Product Description

Besta is not only a PPR Plastic Fitting Short Bend factory but also a mould maker with more than 10 years experience in China. We have full range of PPR pipes and fittings. Main products include PPR pipe, PPR fittings, PPR plastic ball valve, PPR brass ball valve, PPR stop valve, PPR check valve, PPR manifolds, and we also make plastic injection moulds for export. Our product design is good, size according to standard, and price is cheap, if you are interested, we hope we can discuss for future cooperation.

We are now seeking foreign agent for our ppr products and mould agent, if you are interesting, please contact me to discuss. Our PPR short bend is little bigger than market product, small size can use for bigger pipe, for example, 20 size short bend can put on 25 size pipe.
